Muskogee Technology has recently learned it received the 2014 Boeing Silver Award. The Boeing Co. issues the award annually to recognize suppliers who have achieved superior performance. Muskogee Technology maintained a Silver composite performance rating for each month of the 12-month performance period, from Oct. 1, 2013, to Sept. 30, 2014. The awards are presented to companies the following year.

“Based on this outstanding achievement, Muskogee Technology also has earned recognition as a Boeing Performance Excellence Award recipient,” a spokesman for Boeing said.
